Purpose: To ensure GO Electrical sources products in a responsible and ethical way and to work with Preferred Suppliers regarding their corporate social responsibility.

Scope: All procurement and sourcing avenues of operations and activities of GO Electrical.

Policy: GO Electrical is a wholesale distribution company. We have no manufacturing capability. Nonetheless GO Electrical is committed to making positive economic, social, and environmental and sustainable contributions to the communities we serve and across our entire supply chain.

Our principles of ethical sourcing are based on:

- Complying with or exceeding legislation, regulations and standards, disregarding country of origin.
- Prohibit dealing with Suppliers that display discrimination, forced, trafficked, and child labour, and commit to safe and healthy work conditions, inclusive the right to freedom of association and collective bargaining.
- Promote the use of our “Preferred Supplier “model where possible, having executed a due diligence exercise on those companies to ensure we are dealing with “like-minded “entities.
- When sourcing from Non-Preferred Suppliers, conduct an evaluation exercise (where possible) inclusive of:-
 - Size of the Order.
 - Quality of the product and service.
 - Level of commitment to Corporate Social Responsibility, Australian, Quality and Environmental Standards and Ethical Sourcing.

The majority of GO Electrical product is sourced within Australia from either companies that are based in Australia or have manufacturing plants in Australia. The Industry we operate in demands compliance to rigorous Electrical Standards. Most of our suppliers adhere to ISO9000 and ISO 14000 principles and have a heightened awareness of Corporate Responsibility.
